## ***Kentucky Homemaker Creed***

I believe in the home as an inspiring and happy center of family life - comfortable and attractive - a place for relaxation and work where pleasures and responsibilities are shared.

I believe in the home and its contribution to community life which reflects the development of the homemaker and the family.

I believe in the homemaker - alert, diligent, in search of better ways of doing ordinary things for the welfare and happiness of the family.

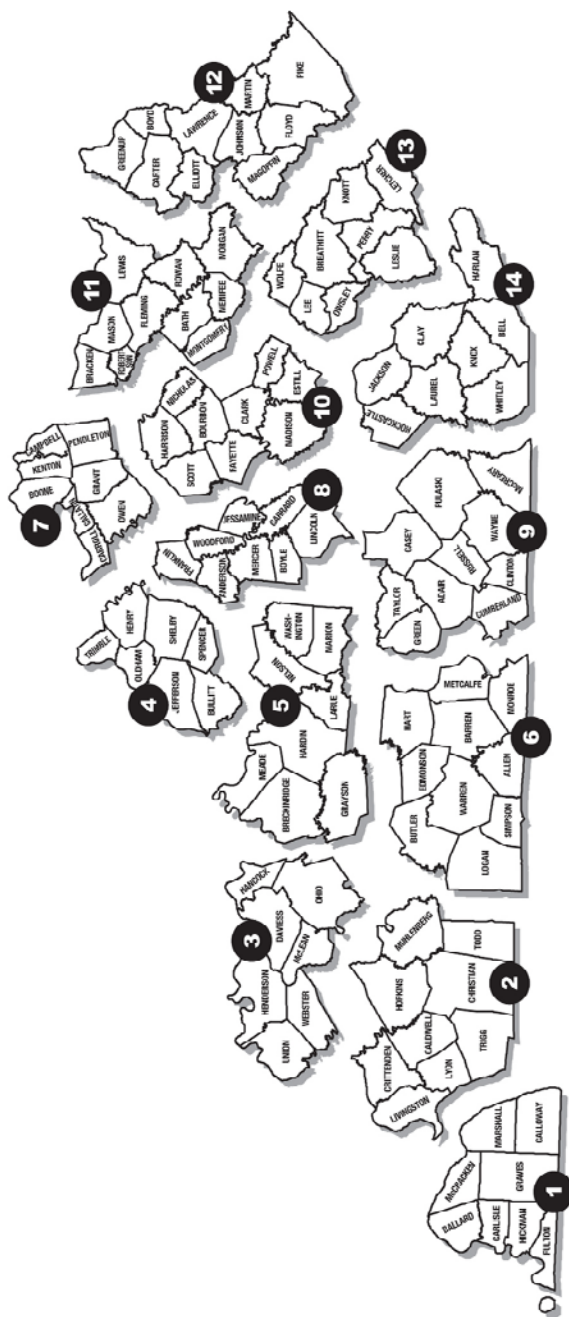

I believe in the homemaker as a community leader responsible for passing on to others mastered skills and knowledge.

I believe in the fellowship that comes through the homemakers organization - the exchange of ideas and the joy of knowledge shared with others, thus broadening our lives and lifting household tasks above the commonplace.

For these opportunities I am grateful.  
I am also thankful for the courage of yesterday,  
the hope of tomorrow,  
and a growing consciousness of God's love always.
