

Lake Cumberland Area Extension Homemakers

2017 Presidents Report

Judy Rexroat

The Lake Cumberland Area Homemakers have volunteered their time and services for another prosperous year. We have added a few more males to our membership this past year.

Our area has made cancer care items for cancer patients in the hospital, cancer caps, baby caps for newborns, baby bibs, adult bibs for nursing homes, blankets and quilts for Children's Advocacy Center,

They have also participated in or donated to the following projects: Church work as Sunday school teachers and bible school workers, Holiday Bazaars, Soup Luncheons, Holiday Tasting Luncheon, Angel Trees at Christmas, baking cookies for local cancer center, meals for local first responders, Relay for Life, parties for nursing home, Food Pantry, Youth Service Center, Quilt Blocks, Ovarian Cancer Screenings, Local Blood Drives, Scholarships for High School Seniors and 4-H camp, Bake Sales, Book Drives, Dolly Parton Imagination Library, Coupons sent to military families, and area and county cultural arts contests. Casey County has a new program called Fur-Ever. A local vet goes the extension office once a month to spay and neuter your fur pets. This group finances most of the fee for this program.

Some of our counties has formed a few new clubs : Diabetes Club, Jr Homemakers Club, Quilts Of Honor Club – make quilts for presentation to local Ky Veterans, Clay Club – Have a new clay activity each month, and a Food and Baking Club – Authentic Mexican Meals, Cake Decorating and Wok demonstrations and different foods are sampled each month .

As you can see we have been very active in our clubs, church and communities. We also take time to enjoy our time together with trips and outings to different counties festivals, 127 yard sale, State Homemakers meeting , and state fair.
